TAFADZWA CHIRIPANYANGA

JUNIOR FULL STACK DEVELOPER | CREATIVE DESIGN & DIGITAL MEDIA

081 353 2248 ✉ tafadzwachiri03@outlook.com tafadzwa.site github.com/lilcuz03 Durban, SA

PROFILE

Motivated Junior Full Stack Developer with an NQF Level 5 certification and hands-on internship experience across web development, digital design, photography, and content production. Proven ability to build complete client-facing websites from scratch using modern frameworks, with a creative eye that bridges technical execution and strong visual communication. Currently expanding skills in mobile development with React Native and Flutter.

EXPERIENCE

Web Developer & Digital Content Creator | *2025 - present*

- Build and optimise client websites on Wix Studio, applying SEO best practices to improve search visibility
- Design marketing graphics and branded content for client campaigns using Canva and Adobe Photoshop
- Assist with photography and videography shoots, then edit promotional content in Cap-cut and Adobe Premiere Pro
- Manage client communications and notifications across Meta Business Suite and Wix dashboards
- Collaborate directly with clients to gather requirements and deliver on-brand digital assets

PORTFOLIO PROJECTS

Offline House – E-Commerce Store → *offlinehouse.co.za*

- Designed and built a full online store from scratch with category navigation, product search, and a slide-out cart drawer
- Integrated PayFast and Stitch payment gateways to support secure online checkout for South African customers
- Built a minimalist, animated, fully responsive storefront aligned to a custom brand identity and SEO best practices
- Stack: Next.js, TypeScript, Tailwind CSS, PayFast, Stitch

Devine Medical Group – Healthcare Provider Website → *devinemedicalgroup.co.zw*

- Designed and built a responsive website for a Zimbabwean healthcare group presenting its hospital, nursing home, and rehabilitation centre
- Added a contact form that sends enquiries by email or WhatsApp, plus click-to-call and Google Maps directions for patients
- Structured clear About, Why Us, Facilities, and FAQ sections with SEO and social-sharing metadata
- Stack: Next.js, Tailwind CSS, SEO optimisation

BrightFix – Home Appliance Repair Website → *brightfix-alpha.vercel.app*

- Designed and built a full service-based website including a service catalogue, customer review section, and blog
- Integrated WhatsApp and call CTAs to drive direct customer enquiries for the business
- Applied local SEO optimisation to improve discoverability in the Durban area
- Stack: Next.js, Tailwind CSS, SEO optimisation

Sah Veh – Premium Wellness E-Commerce Website → *lilcuz03-sa-vah.vercel.app*

- Created a mobile-first e-commerce site with product detail pages, hero carousel, and brand-aligned visual design
- Implemented WhatsApp ordering flow and blog section to support customer acquisition and retention
- Focused on premium aesthetic and responsive layout across all screen sizes
- Stack: Next.js, Tailwind CSS, mobile-first responsive design

React Native & Flutter Projects → *github.com/lilcuz03*

- Building cross-platform mobile apps with React Native (TypeScript) and Flutter (Dart) as part of ongoing learning
- Active GitHub profile with 10+ repositories covering JavaScript, React, HTML, and mobile development
